Design and the limits of growth

Leave a reply

From Sebastien Marot / the philosopher I talked about with you last thursday.

This entry was posted in Blog, Mansooreh on November 9, 2015 by Iris Lacoudre.
Edit

website

for posting something new, click on Posts the Add New

You can see All posts, and even choose different categories, each students has individual category, each workshop also has individual category, this way we can orgainze what we are posting in the website.

title here

add image here

you can make a link to your text here

Preview here

visual mode

Publish here

categories

place a title for your new posts, then start writing in visaul mode, if you are familiar with HTML you are welcome to write there.

please select a category for what you are posting, we already have some and if you feel to start new one just click on Add New Category and create one.
Media Wizard

when you want to insert an image to your post, you will see this wizard, either upload your image or choose from Media library.
Note: Do not upload images more than 1 MB. the best size for an image is something between 250 to 500 KB.
You all have photoshop, resize your images, and then use save for web function, you can adjust the image size there.
